

Buchmann Institute
for Molecular Life Sciences

Inauguration: Frankfurt Centers for Advanced Light and Electron Microscopy

Scientific program

9 February 2017, 1 pm

Biologicum, Campus Riedberg, **Lecture Hall H1**
Max-von-Laue-Str. 13 , 60438 Frankfurt am Main, Germany

Introduction: **Achilleas Frangakis** and **Ernst Stelzer**

- 1:00 - 1:15** **Owe Philipsen**, Dean Physics
Opening speech
- 1:15 - 1:45** **Kay Gruenewald**, Univ. Hamburg
Titel: "Structural cell biology of virus-host interactions"
- 1:45 - 2:15** **Christina Cardoso**, TU Darmstadt
Titel: "Lifting the veil on the duplication of
the human genome"
- 2:15 - 2:45** **Matthijn Vos**, Thermo Fisher, Eindhoven
Titel: "The girl with the selfie-stick"
- 2:45 - 3:15** ***Coffe break***
- 3:15- 3:25** **Enrico Schleiff**, Vice President, GU
- 3:30- 4:00** **Jonas Ries**, EMBL, Heidelberg
Titel: "Towards structural cell biology using
superresolution microscopy"
- 4:00- 4:30** **Harald Plank**, Graz Univ. Technology
Titel: "3D Nano-printing via electrons"
- 4:30- 5:00** **Elisa May**, Univ. Konstanz
Titel: "Hypes and hopes around (imaging) core facilities"
